To whom it may concern,

I am pleased to write this letter of recommendation in support of Franklin Porter. I have had the pleasure of knowing Franklin for a number of years and have found him pleasant, knowledgeable and helpful. His sense of fashion has always impressed me. As an auctioneer and appraiser, I am always in the public eye and consider it part of my job to show aesthetic consideration in my appearance. Recently, I had difficulty in styling myself for an important event and consulted Franklin. He produced two magnificent outfits complete with accessories and my only difficulty was deciding which costume to select. I was impressed that without ever having measured me, the outfits were perfectly sized. I received many compliments and inquiries at the party. Any person wise enough to select Franklin as a stylist will be delighted with the results.

Sincerely,
Alison Ross B.A., M.A., CPPA
